

# Survey - ATV Trails

Eureka has become a popular destination for ATV riders. The State of Utah has marked several trails which stop just short of Eureka and the Mayor and Council would like to receive input from the community about welcoming these riders into town in the hopes that it will help the current business owners to make a profit.

The three options we have currently listed are:

- A-** All city streets are available.
- B-** Last Chance to Arlington on the north side of town, McChrystal to Railroad to Beck to Haulage to Spring on the south.
- C-** Church to Leadville on the north side of town and McChrystal to Railroad to Eagle to Haulage to Spring on the south.

All options will be subject to Utah State Laws concerning age limits and a 15 MPH speed limit.

See map below for details.
