## Eureka Elementary School

### 2024 Why I Like My Community

### Essay Contest

### Utah League of Cities & Towns

The Utah League of Cities and Towns 2024 essay contest “Why I Like My Community,” is open for 4th grade students throughout Utah each year. Students are encouraged to share their thoughts on what makes their respective communities so wonderful. In 2024, over 500 students in 4th grade entered their essays and our own Chase Norman won 1st place! We are so incredibly proud of his talent and hard work. Please enjoy his essay here.

#### The World's Best Community

By: Chase Norman  
Eureka, Utah

In Eureka, we have nice people, fun activities, awesome nature, and cool history. The people in Eureka are an amazing group. The activities are fun and you can always do some activities! I believe that nature is cool, in the night, you just have to look up to see it (because of the stars). The history in Eureka is outstanding, for example, the building that the Cast Iron Bistro is in is over 100 years old! You just can't take away our nice people, activities, nature, or our history!

The people in Eureka are the best! The community is very small, which means that almost everybody knows everybody. Crazy Mary, a small business owner, is very nice and sells cool rocks. Almost everyone is trusted! Eureka is calm and friendly. Eureka has lots of very nice people!

Eureka has lots of fun and cool activities. For example, some sports are wrestling, soccer, and volleyball. We also have 4-H, great after school activities, where I did geology, cooking, and a drama club last year. Eureka is where Silver Days is, I love the car show! Silver Days is a day that has a parade, car show and other fun activities. In the summer I like to go hiking and bike riding. Eureka is the best place to go to have fun!

Eureka is a great place to find lots of nature. We are in the mountains, so we can find lots of trees. As a result, there are lots of cool birds. In Eureka, we have a lot, I mean a lot of wildlife. There are wildflowers. In the winter it's very snowy, but in the summer it's warm. Aside from that, we have an amazing sunset! At night, we are a great place to stargaze, and the moon is bright, along with calm. If you want to be even more calm, go outside for the fresh air. You can't come here without seeing nature!

In Eureka, we are all about history. The Cast Iron Bistro (where I work) is in an over 100 year old building! The area around Eureka (Tintic) is named after a Native American chief! Amelia Earhart landed a plane in Eureka! There was lots of mining in Eureka. We have a small school, tiny restaurants, a small town, and the streets are not very busy. If you are looking for cool facts, come straight to Eureka!

Eureka is a great place to stay. People are nice. The activities are endless. Nature is calming. The people are a great group. If you want a great place to stay, come straight to the fun and nice place Eureka, Utah!

# COMMUNITY

Eureka City, Utah

PO box 156, 15 N Church St. Eureka, Ut 84628

(435) 433-6915

Dear Resident,

The top priority of our water system is to deliver safe and clean water to your location. We are committed to following all EPA standards and guidance. On December 16, 2021, the EPA released a revised lead and copper rule for culinary water service providers. The revision requires identifying and inventorying service line materials by October 16, 2024, with the aim of protecting communities from lead exposure in drinking water. The EPA has allocated funding to identify potentially hazardous service lines, notify consumers with lead pipes, and provide states with necessary information for oversight and reporting to the EPA.

During the next several months, we will be completing this inventory process throughout our network. Your support is invaluable, and we want to thank you in advance for your cooperation.

Sincerely,

Eureka City

## WHAT IS A SERVICE LINE?

Your service line includes piping that runs from the water main to your indoor plumbing. In most instances, your service line is free of hazardous materials. However, banned plumbing materials utilized early on in some systems can deteriorate and leach into your plumbing. Firm identification of the material is required to meet new EPA rules.

## WHAT CAN I EXPECT DURING THE INVENTORY PROCESS?

We will be using several mechanisms to accurately inventory service line materials outside your home. However, depending on the records we have available for validation, we may need to supplement our investigation with surveys and/or onsite inspections.

# WATER LINE INVENTORY SELF ASSESSMENT

Please complete the form to help identify the material of your water service line.

## RESIDENT INFORMATION

First Name: \_\_\_\_\_

Last Name: \_\_\_\_\_

Phone Number: \_\_\_\_\_ Email: \_\_\_\_\_

Property Address

Street: \_\_\_\_\_

City: \_\_\_\_\_ State: \_\_\_\_\_ Zip: \_\_\_\_\_

Water Bill Account Number: \_\_\_\_\_

Type of Occupancy (please circle one):      Owner      Renter/Tenant

## PIPE INFORMATION

Based on the appearance, testing, or existing records, please mark the appropriate material of your water service line. Use the image below for visual identification if you are able to do so.

Lead  
A dull, silver-gray color that magnets will NOT cling to.

Copper  
The color of a penny.

Galvanized  
A dull, silver-gray color that magnets will cling to.

Plastic  
White, rigid pipe that is joined to water supply piping with clamp.

Unknown     Other: \_\_\_\_\_

## WATER SERVICE LINE INSTALL DATE

Please provide the install date of your water service line. \_\_\_\_ \ \_\_\_\_ \ \_\_\_\_

**If you do not know the install date**, please provide the year the home or building was built. \_\_\_\_ \ \_\_\_\_ \ \_\_\_\_

## SOURCE OF INFORMATION

How did you determine the material of your water service line? \_\_\_\_\_
