To the residents of Eureka and neighboring communities

We are pleased to announce that Charlie D's Equipment Repair is now accepting light trucks and automobiles, we can repair any make and model gasoline or diesel, our shop rates and field service rates are comparable if not cheaper than rates in the valley, no job to big or small. We also work on fleet trucks, heavy and light equipment, marine engines, motorcycles, atv's, and utv's. we do welding, fabrication and repairs in the shop and in the field, with our shop and 2 service trucks we can accommodate most any service or repair no matter what or where it is. We use the standard suggested hourly flat rate for automotive repairs in the shop and a hourly rate for travel and field service repairs.

Should you have any questions, please don't hesitate to stop by the shop or contact us, we are looking forward to serving the community, we are looking forward to serving you, we will have a facebook page out soon.

Technician's: Charles Davis Cell (801)-367-8788 or Cell Justin Child (435)-590-8354
