EUREKA CITY NEWS

LETTER FROM THE MAYOR

Dear Eureka Residents,

As the holidays approach, I am filled with gratitude for the beautiful fall we've enjoyed and the crisp winter air that's settling in. Regardless of how you celebrate, let's embrace this holiday season as a time for reflection and thanksgiving for the blessings in our lives. Together, let's light up Eureka and welcome a bright new year!

I want to extend my heartfelt thanks to everyone who works tirelessly to make our community a better place each day. Your efforts do not go unnoticed.

Recently, I had the privilege of representing Eureka at the Utah conference in Cedar City. It was inspiring to see both large and small communities come together to share successes and challenges. I engaged in meaningful discussions with various government leaders, where we explored the unique issues that our community faces now and in the future. These conversations are invaluable, as they help us build a network of support and expertise we can call upon as needed.

More good news: FEMA is getting ready to award our city with the Eureka Flood Control Project HMGP 4578 Grant.

Wishing you all a joyful and peaceful holiday season.

Warm regards,

Toni Dever
Mayor of Eureka

CEMETERY SERVICE PROJECT

A few months ago Andrew Ward came into the city office and spoke to Patricia. He is president of a group who get together a couple of times a year and engage in some kind of physical activity followed by a community service project. The group had decided that they wanted to climb to the summit of Mt. Nebo in October so he was looking for a community service project in this area. Patricia gave me his phone number so I contacted him to discuss possible projects and after I sent him some photos of the large dead trees in the cemetery we decided that it would make a great service project. On October 12th 26 members showed up and, my, what they were able to accomplish. My neighbor, Chris Severa was pulling up some large sage brush between our yards so I ask him if he would be willing to help. He not only volunteered to help but got his son, KC to help and his wife Jessica to offer some coffee, hot chocolate and cookies as a thank you. They were able to cut down those big dead trees, clear the area around the veterans memorial section of all the weeds and huge sage brush. Warren Holman heard about the project so he showed up to help also. A big THANK YOU from all of the citizens of Eureka for a great job.

It was truly appreciated and it made the veteran’s area as well as other areas in the cemetery look very nice.

Thank You

Autumn Block Party was a big success!

We would like to thank everyone that came out to enjoy the Community Block Party on October 12th. I think everyone had a great time visiting, eating lunch and playing games, even though the wind wouldn't cooperate with some of the games.

We would especially like to thank the Central Utah Health Department and Rocky Mountain Power Company for making this happen through their very generous donations.
