Shay gave a presentation on the budget. He asked how long it has been since the city did Truth in Taxation. Recorder Bigler said she has been here for 30 years and has never had to do one. In his opinion the city should do a Truth in Taxation every year. This may help to get the city more property tax. A preliminary budget must be passed by May. He suggested utilizing PTIF accounts to earn more interest. He would be happy to help dive into the budget with the staff or council.

Mayor Dever asked Brad if it would be alright to have Marie Erickson with the State Library - bookmobile go before him. He was fine with it.

Marie gave a presentation and talked about the services available through the State Library. The Libby app is available for audio and eBooks. A library card is needed to access the app. The traditional bookmobile stops and other online programs are also available. She explained how pricing works for the Counties and then how it works for small communities.

Brad Christopherson – Code Enforcement.

The Mayor asked him to give a brief talk about code enforcement. He will get a copy of a proposed ordinance to adopt a comprehensive code enforcement program to the Mayor in the next couple of weeks. The program will have a criminal side as well as a civil side. The criminal side would use the Juab County Sheriff Department and the Justice Court.
